

# Opening Doors

## Section 8

The Mobile County Housing Authority is opening doors by administering vouchers – which allows qualified individuals or families a broader choice in housing options within the Mobile County area. A family is eligible based on income, and background checks by the Mobile County Housing Authority.

The vouchers are an agreement between the housing authority, the participating private landlord, and the qualified voucher holder. The voucher holder chooses a rental property which has passed Federal Housing Quality Standards (HQS), and the Mobile County Housing Authority will assist in paying their rent. The amount of assistance is based on the family income. Residents must abide by the lease signed with the landlord, and the landlord must enforce the lease. Both the resident and the landlord must maintain the property in order for it to pass annual HQS inspections, allowing it to remain on the Section 8 program.
